

SMART SERVICE

Choose a business that best fits yours

Print page

If you own or manage an automotive repair shop, car dealership, fleet maintenance facility, oil change center, or oil company... and you depend on equipment to service your customers... [Smart Service](#) is tailored to fit your business.

Choose from a typical **car dealership** or **oil company**.

In our **car dealership examples**, one owner operates multiple dealerships (car dealership A, B, and C). Each dealership is managed by a service manager, responsible to acquire and maintain the equipment in his or her service shop.

In our **oil company example**, the sales manager oversees (2) sales representatives, each responsible to service the car dealerships in his or her territory. The oil company owns equipment at each car dealership.

Choose a position that best fits yours

If you **own multiple service shops** or **manage sales representatives**, choose the **Executive** Smart Service On-line web site address.

If you **manage one service shop** or **service a sales territory**, choose the **Administrative** Smart Service On-line web site address.

Executive Smart Service On-line access instructions

[Click here](#) to Log In to [Executive Smart Service](#)
